## The Virtuous Circle

At the beginning:

- It was centered on to find guidelines for the analysis of the cases and the key word.

Actually it has been added other focus:

- Comprehension of objectives and sense of the cases in the framework of the projects
- Consensus of the elements to describe the cases in the VLE

## The Methodology

- Selection and distribution of the case.
- Develop of the meeting
- Elaboration of the document to upload to the VLE by the research team
- The document is presented in the next session to do final reflections and to approve it in The VC

Bethel

## The Meeting

- Revision of the document presented by the research team
  - Narration, elements to describe the cases on the VLE and guidelines for analysis.
- Brief introduction of the case to analyze in that meeting
- Comprehension of the context and content of the case.
- Work in small groups to analyze the case in deep.
- Gather common ideas and made a final reflections.
- Planning the next meeting.

## The Analysis

- Each small group discuss in deep aspects related to:
  - Narration
  - Information of the elements to describe the case
  - Guidelines to the analysis of the cases
- Common ideas are gathered (video and audio recorded)

## The Research Team

- To call and to prepare meetings
- To inform the participants about both projects and the position that VC has in them
- To direct the organization
- To lead the debate and analyze the contributions.

## Final Considerations

Question:

- How to implement the guidelines for analysis of the cases in the context of the design of the courses to test the pilot module ?

Our answer:

- Add general guidelines to the module to be used for any case

Problem:

- It loss the potential that suppose to have specific guidelines for each cases discussed in the VC
